# Bremick Values

## Trust

We take pride in the quality of our products and services through design, development, manufacturing, quality systems, logistics and after sales service to our extensive network of authorised distributors.

## Innovation

Bremick product development teams are continually monitoring industry trends and end user needs resulting in a constant flow of innovation, bringing real value to consumers and distributors alike.

## Quality

Our quality systems ensure strict conformance to national and international standards through rigorous test and inspection procedures of stainless steel product throughout our manufacturing processes at the purpose built Bremick NATA Accredited laboratory in Sydney. In addition verification testing of our stainless steel product is undertaken at independent 3rd party NATA testing laboratories.

## Reliability

Bremick has been the leading Australian fastener supplier for over 45 years with 15 factory warehouses across the Pacific Region, all of which are linked by a centralised computer system, ensuring efficient service and on time delivery to all of our valued customers.

# SUMMARY OF TRADING TERMS

A full set of our current conditions is available on request

## FIS Delivery

Our company does not pass on the cost of normal freight to customers, providing orders are despatched by our nominated carriers.

## Payment/Credits

Our trading terms are 30 days from statement date. Consignment stock is not available.

Returns for credit are subject to prior approval and allocation of an acceptance number, without which our warehouse is directed not to receive them. Receipt of goods in this way does not imply agreement to issue a credit note.

Approval of credit can only be considered if the request for credit in writing is received (within 14 days of receipt of goods) showing the credit acceptance number, original invoice number, date and reason for return.

No freight charges for return of goods shall be accepted unless authorised by Bremick.

Products which have been reworked, specially manufactured or zinc plated cannot be returned.

## List s

All s are Industrial List, current at the time of printing and adopted by leading suppliers and distributors. Relevant trade discounts apply. Tax is not included. All care but no responsibility is taken.

## Fixed Term Pricing

Some end users request firm (eg, 12 month contract) pricing arrangements. We receive no guarantees in relation to our costs. Increases usually occur without advance notice, resulting from currency fluctuation and in reaction to raw material costs and worldwide demand. Hence we cannot make fixed longterm undertakings to distributors and do not recommend they do so to end users. However, we can advise anticipated trends resulting from recent changes in our own costs.

We are unable to commit to a fixed period of prior advice of upcoming changes (detailed written explanation available on request) but have always worked closely with specialist merchant distributors.

## Romalpa Clause

1. Notwithstanding anything in these Conditions of Sale contained, expressed or implied or incorporated herein by reference and notwithstanding any rule of law or equity to the contrary and notwithstanding any course of dealing between the Company and the Purchaser, property in goods shall not pass from the Company to the Purchaser unless and until –
  - (a) Such goods have been delivered in accordance with these conditions and
  - (b) The Purchaser shall have made payment in full for such goods ("the goods") and
  - (c) The Purchaser shall have fully discharged all ther indebtedness and other liability (if any) of the Purchaser to the Company on whatsoever account. The Purchaser shall, notwithstanding the foregoing, be empowered as the agent of the Company to sell the goods and shall hold the proceeds of such sale upon trust to apply the same, firstly in payment or otherwise discharging the payable to the Company for such goods and any other costs of carriage or insurance or other costs or expenses borne by the Company in respect thereof; secondly, in paying or otherwise discharging all the other indebtedness or liability (if any) of the Purchaser to the Company on whatsoever account, which is outstanding at the date that the Purchaser receives such proceeds of sale; thirdly, as to any balance, for the Purchaser's own use and benefit. Pending the passing of title to the goods the Company may require the Purchaser to mark the goods as being the property of the Company.
